

(SMT. ADDY SALDANHA)

(a) whether it has come to the notice of Government that a good number of lady teachers are being transferred from their native place on fictitious complaints;

(b) whether Government would reconsider these transfers and take steps to ensure that no injustice or inconvenience is caused to these teachers;

(c) whether Government is aware that on account of these transfers progress of education in South Kanara District has been hampered ?

SRI A. R. BADARINARAYANA (Minister for Education).—

(a) No.

(b) Does not arise in view of reply to clause (a) above.

(c) Also does not arise.

SMT. ADDY SALDANHA.—Will the hon. Minister remember the promise which he made on the floor of this House that in future, the lady teachers will not be transferred.

SRI A. R. BADARINARAYANA.—The question of promise does not arise when I have given my answer 'No'.

MADAM SPEAKER.—The Hon. Members are not have to put the other Questions.

Now Questions are over.

HANGAMI LAGAN LANDS

80. SRI N. B. SIRDESAI.—(Khanapur)

Will the Minister for Agriculture and Forests be pleased to state:—

(a) the number of lease holders of Hangami Lagan lands of the Government Forests in the State (Talukwise figures may please be furnished) ?

(b) the main intention of the concerned Government in granting or leasing out such lands ;

(c) whether in some parts of the State Hangami Lagan lands have been re-granted on permanent basis and now, only in some parts of the State notices have been served on the Hangami Lagan lands lease holders asking them to hand over possession of Hangami Lagan lands to Government before 30th June 1973 ;

(d) the purpose of this Government in taking over such lands inspite of the fact that the existing holders of Hangami Lagan lands are landless and insufficient holders having long standing possession of such lands ;

(e) whether Government intend to carry out afforestation in the Hangami Lagan cultivated lands, leaving aside the barren and Government waste and uncultivable lands in the State ;

(f) whether Government would reconsider to encourage Hangami Lagan land holders to plant fruit yielding trees in some portion of their lands and retain their possession ;

(g) whether Governments intends to regularise the possession over Government Forest lands, being cultivated since 1965 with permission and at the advice of Government for raising summer crops, in view of shortage of foodgrains and continued cultivation till 1971 treating them as Hangami Lagan lands ?

SRI K. H. PATIL.—(Minister for Agriculture and Forests).—

(a) The number of Hangami Lagan leases granted in the Forest Area in the State is 4469. The Talukwise figures are furnished in the Statement appended.

(b) The areas were leased for raising food crops or for raising trees of fruit yielding species.

(c) No. There have been a few instances in the past when the well developed Hangami Lagan areas have been disreserved. However, in general, most of the cases have not been considered for disreservation. Government have granted extension to the Hangami Lagan leases till 30 the June 1974.

(d) The area under forest in the State is fast decreasing and Government considers it necessary to assess each of the Hangami Lagan cases before decision is taken to disreserve or to resume the land.

(e) In the case of the undeveloped areas under Hangami Lagan and those which would not be in the interest of the Government to disreserve in consideration of its location etc., the Government considers it desirable to take up afforestation. It is also the desire of the Government to develop forest plantations in the barren and uncultivable lands available with the Government, subject to availability of budget grants.

(f) and (g) Government has decided to assess each of the leases under Hangami Lagan, verify the developments made, and in case of those areas which are either not properly utilised or the lease of which would come in the way of forest protection resume the areas for proper development.
